#### From the Prez

Two of my primary goals for 2003 are to increase OMRA membership and to increase benefits to OMRA members. I plan to use promotional activities to accomplish both of these goals. Immediately after the November OMRA annual meeting. I contacted representatives of G.I. Joe's and AMSOIL and began a series of discussions regarding the possibility of entering into a promotional partnership with the OMRA. The discussions were a success and both G.I. Joe's and AMSOIL have agreed to

support OMRA members. We launched the new program at Washougal during the Hangover Scrambles. If you were at Washougal, you may have seen me and Ed Arinello (the Vice President of G.I. Joe's) make several announcements regarding the program. We are ironing out some of the final details but here are some of the benefits that you can expect:

- 1. G.I. Joe's discount coupon in this newsletter.
- G.I. Joe's discount coupon to be included in the sign up packet for all OMRA members.

- Additional discount coupons or AMSOIL products as riders advance in points standings.
- AMSOIL product give-aways and drawings at OMRA events

G.I. Joe's stores offer a variety of motor sports products such as Oakley motocross goggles, NKG spark plugs, Camelbacks, oil and other lubricants.

In addition, Hillsboro Motorcycles has committed to the following support for OMRA members:

- A significant cash contribution to be used for the GP series trophies.
- A discount coupon to be included in the sign up packet for all OMRA members.

This is the first step in bringing significant sponsor participation. The success of these programs will act as a catalyst to attract additional sponsors. So, I encourage all OMRA members to support Hillsboro Motorcycles, G.I. Joe's, AMSOIL, and other dealers and vendors that contribute to our sport.

On behalf of all of us, I would like to thank all the dealers that have supported us in the past. We hope to also have their continued support this year.

I would like to develop additional promotional programs for the OMRA and would appreciate all the help that any of you are willing to offer. Please don't hesitate to contact me if you are willing to help at any level. Word of mouth will also help, so please encourage any riders that you know who are not members of the OMRA to join.

I hope we all have a safe and enjoyable year and I look forward to meeting as many of you as possible. -Jon

#### All For One Or None For All

By Tom Niemela

Lately it seems like there is a lot of discontent or contention between clubs, promoters and individuals. This club is mad at that club, motorcycle clubs hate 4-wheel drive clubs, this promoter is angry with that promoter, yadda, yadda, add nauseating infinitum. There could be many reasons that this appears to be escalating recently such as the economy, work, etc., but it seems to be happening much too often. I'm not directing this topic at any one club or individual in particular, but it is happening way too much among way too many.

Okay, everyone snivels and whines about someone, so why take the time to write this article, you ask? Because as Abraham Lincoln said, "United we stand. Divided we fall." We all have come too far as OHV enthusiasts to splinter ourselves apart into miniature pods that stand alone. The environ'mental' extremists would like NOTHING better than to see us shred ourselves by our own actions. As one small voice of the OMRA, I've seen us come too damn far to start letting things fall apart now!

If you have a problem with someone or another group, don't start spreading rumors or sabotage another group's momentum. Go directly to the source and be amicable about it. More often than not it was some confusion and/or assumptions that created the issue in the first place.

With my lamenting on this article, I hope that all groups and individuals will realize that WE ALL HAVE TO GET ALONG! If you still have problems with a situation, call me or one of the other officers. We will do our best to resolve the issue. The OHV community are some of the best people I know and we need more good people, so please, please, please, start thinking about our sport as all heading the same directions and goals. If you have some hurdles along the way – deal with it. Don't drag the entire team down by individual issues.

Off my podium now. —Tom

Department of Forestry has accepted another position from Oregon State Parks. At present there is NO OHV coordinator for the Tillamook State Forest. Thanks!

#### From Lobos M/C

At a recent meeting with Central Oregon OHV Recreation Managers, Lobos reaffirmed their commitment to work as responsible partners in promoting off-road racing in the Millican Valley and East Fort Rock Trail Systems. When promoting an event, a club enters into a contract with the managing agency of the system they will be using. That agreement requires the club to be sure entrants are in compliance with the laws all users must obey while enjoying the OHV trail systems. What this means is that all entrants must have a current OHV tag, a USFS approved spark arrester, and pass a 99db sound test at 20". Casual riders should also be aware that if they are operating a bike above the 99db state level they are subject to receiving a ticket. Expect a stepped up enforcement program in the future.

The Lobos' sound meters have been calibrated and we invite anyone who wants to know if their bike will pass to visit us any Thursday night at our clubhouse. Lobos will not jeopardize their race program by allowing noncomplying bikes to participate in our events. If you can't pass the 99db test, STAY HOME.

Lobos are also examining ways to increase safety in the Junior Class. We had an incident at the Fall Classic event where a junior rider got off course and was passed by the sweep. He subsequently got back on course and ran out of gas. To everyone's relief, we found him, but we returned to camp in the dark.

Class I and III operators over 12 must either have a valid driver's license, a permit or be accompanied by a person 18 years or older with a license or permit. Children under 7 cannot operate Class III vehicles. Class III operators between 7 and 12 must have an operator permit AND be accompanied by a person 18 or older who has a license or permit. You should carry your license or permit with you when riding.

Every rider should carry fire-starting materials and be prepared to spend the night in the desert if something unexpected should happen.

Lobos have put a call for an "EMT" that would be able to go to the events in the Bend area. We need an ad in the OMRA newsletter and should imply that we are willing to pay a fee that we can work out. If we cant find anyone, the desert events will be a thing of the past, so the greenies will have won with out firing a shot, if you get the jest. We are trying the Prineville area and Redmond for a few EMT's, but no response yet.

The Lobos appreciate the support that riders have given us in the past and we look forward to seeing everyone again during the 2003 racing season!

### From Trailsmen M/C

Here it is the last month of 2002. Trailsmen have been trying to do work in the Tillamook State Forest. We are still working with Oregon Department of Forestry as well as all of the clubs. But government agencies sometimes don't move at all. We still haven't been able to put in any bridges in the forest. We have been waiting for over a year to get ODF to approve the bridge design, but we are still waiting. We are getting ready to do some rocking on the Jordan Creek trail and will be doing some brushing on the Starkey Trail reroute. We were donated five pallets of cinder from Mutual Material in Hillsboro. Thanks to Cindy and Heidi out of the Hillsboro office for all of there help in acquiring the cinder block. Phil Weber of Trailsmen has been in negotiation with Mutual Material to allow this to happen. We would like to say thanks to Phil for having such good skills in negotiations. As of December 20, 2002 Ian Caldwell from Oregon

# Sprockets, Tires, Springs and Things...

- Starting in 2003, we have a new President (Jon Allred) and new Alternate Referee (Ellis Cookman), so be sure and say 'Hi' to them at the events!

Who is this influential and world-renowned off-road rider? Here are some hints: (answer on last page)

- Right about the start of WWII, his older brothers had revived their father's dilapidated 1914 Harley-Davidson, which had been long forgotten in the corner of a barn, and this was his first motorcycle.
- In 1958 he broke the New York to Los Angeles record and rode from New York City and set off for California on a BMW R69S outfitted with an oversized gas tank. Fifty-two hours and eleven minutes later, he rolled into Los Angeles.
- He created dirt bike boots, as we know them today, from the old standard work boots people wore when riding.
- In 1960, he won the AMA's Most Popular Rider Award (now called Pro Athlete of the Year).
- In 1967, he was a member of the U.S. International Six Day Trial (now called International Six Day Enduro).
