

OMRA Points Grid

Inclosed in this packet you will find the OMRA Points Grid Award Program sheet, sponsor stickers, discount coupon from Hillsboro Motorcycles and GI Joe's. This is a new program that has been started for you the OMRA member to hopefully help with the rising costs of racing and also to give a little more incentive to continue competing throughout the year.

To be eligible for the prizes offered by the sponsors on the Award Grid it will be necessary for you as a OMRA member to run the various sponsor stickers inclosed in this packet . Members bikes will be checked at random at various races this season for compliance. It is your right as a OMRA member if you so choose not to run a particular sponsor sticker. For example if you are sponsored by Bridestone tires already and have no interest in receiving Dunlop tires. What you put on your bike is up to you.

Awards will be handed out at the next race to members once they reach the certain point level. For example if you are a Cross country racer and you reached the 400 point level at the Timber Mountain Hare Scramble. At the next Cross country event (Funky Chicken) you would come to the OMRA sign up area and claim your product. If for some reason you are unable to hook up with an OMRA member to receive your product you can contact a marketing officer (Randy Thomas or Dan Jordan) and we can make arrangement to get the goods to you.

We hope this new program will spark some new enthusiasm for you as a OMRA member.

We would also like to say a special thanks to all the sponsors that have made this grid possible. They are the best!!!

Jon Allred
(President)

Dan Jordan
(Marketing Director)

Randy Thomas
